Secrecy measures wanted (application on a special form)

The Student's Acceptance

I have decided to accept the thesis subject if approved and perform accordingly.

Place	Date	Signature
-------	------	-----------

Statement of Responsible Professor/Head of Section

As responsible for the subject to which this thesis can be referred, I hereby state that the suggested assignment is fulfilling the demands reasonable to be put on a Master's thesis in(subject).
I also find the extension of the work being in good agreement with the actual number of points assigned.

Course code:.....

After discussion with the student I suggest
to be appointed as examiner for this Master's thesis.

Place	Date	Signature
-------	------	-----------

Examiner of the thesis

The responsibility of the examiner is to scrutinize the report, and to give written suggestions of possible improvements. The student is also expected to give an oral presentation of the thesis in a seminar, and at this occasion the examiner is acting as chairman and head opponent.

I agree to examine the Master's thesis described in this application.

Place	Date	Signature
Academic position/degree	Name in print	

Hand this application to the department office for registration in LADOK.

Examiner's Opinion

The thesis has been presented in a seminar and has been academically defended in an acceptable way. The scientific report is of such a quality as can be expected of a Master's thesis, both regarding contents and linguistic treatment.

Place	Date	Signature
Position	Name in print	

Hand this application to the department office for final registration. The thesis is given in 2 copies.
